MEMORANDUM FOR: Director of Training

SUBJECT : Weekly Report #34
Assessment and Evaluation Staff
20 - 26 August 1958

1. C/A&E, at the request of CC/OS, participated in the training of a distinguished foreign visitor. The general topic was selection of personnel.

2. C/A&E discussed with our intent to supply a psychologist by approximately 1 January 1959, and a second as a rotational replacement in July 1959, providing the necessary slot arrangements can be worked out. will be pursuing this matter with considerable vigor.

3. C/A&E discussed the problem of A&E obtaining space at 1016 16th Street N.W. for testing purposes. While there are many problems in this space allocation, it is felt that space will be available. We will know certainly in a week or ten days whether space will be available, but the date might still be a matter of uncertainty.

4. Negotiations are continuing with TSS concerning the possibility of releasing While the exact dates are not certain, it has been determined that TSS would be willing to release back to us for a couple of months next summer when another heavy JOT load is anticipated. With this assurance, I am willing to release for a two-year tour to TSS, and am continuing negotiations concerning the exact date. At the present time, it looks as though sometime about the middle of October will be possible.

5. The American Psychological Association meetings begin on 28 August and continue through 3 September. The A&E Staff will be running on a "keep the store" basis. C/A&E will be spending a great deal of his time at the meetings in recruiting.
